**THE LAKE BRUCE
 CONSERVANCY
 DISTRICT
 NEWS**

The regular monthly meeting of the Lake Bruce Conservancy District was held September 10 in the community room of the Kewanna-Union Township Fire Station with all five directors present as well as nine freeholders and one guest.

The minutes and the treasurer's reports were read and approved.

Chairman Gerald Porter listed all of the correspondence since the last meeting.

Director Kathy Fisher reported that the dredging is still going on. The dredger still needs to go at a slow pace because of the lily pads, but he is doing a very good job. He has completed the far east channel and is about half way done with the lateral channel running along the edge of South Park Road.

Buckeye Power has requited their bid for generator maintenance and is now the low bidder. Director Don Morning has talked to someone about doing this work, but has not gotten back with him. The district needs to find out what qualifications they will need to do the job.

The situation with a foreclosure from which the conservancy did not get past due money has been resolved. Richard Denny will ask Monterey how it handles its foreclosures.

Director Brad Glasson reported that the 811 number will be in place as of September 21. This is the number you will need to call before you dig to locate conservancy district sewer lines. Remember, call before you dig!

The original sewer project is now officially closed. All connections made after August 31, 2009, will be treated as a new connection at a cost of \$6,300.

Richard Denny, wastewater treatment plant operator, reported that things are going great. The district had no violations for the month of August. Denny is doing his own testing with equipment the district purchased in conjunction with Monterey. This will result in great savings to the district.

Paul Bradley, inspector for sewer hook-ups, reported that as of now there are 211 homes hooked up and running. There are still 16 not hooked up. This information was forwarded to the Fulton County Board of Health.

Treasurer Rick Tompos reported that the district is 21 units short on receiving money on its EDU. This, along with reviewing the maintenance costs, will mean an increase in the sewer bills. There will be a first reading on the increase next month with a second one in November. It will be adopted at the November meeting.

**Walk through history at
 Trail of Courage Sept.
 19-20, 2009**

By Shirley Willard, Fulton County Historian

There's history in the wind here. Red-tailed hawks circle overhead, nuts fall on the tin-roofed booths and cabins, Indian flute music floats on the breeze.

Take a walk through history at the 34th annual Trail of Courage Living History Festival Sept. 19-20 at Rochester. The Potawatomi Indians were marched single file down Rochester's Main Street September 5, 1838, on the forced removal known as the Trail of Death. Since 1976 this festival has honored the American Indians and shown life before the removal when this was still Potawatomi Territory.

The Trail of Courage will be held at the FCHS grounds four miles north of Rochester on US 31. Admission is \$6 for adults, \$2 for children (6 through 11), and free age 5 and under. Hours are Sat. 10 a.m. to 6 p.m. and Sun. 10 a.m. to 4 p.m.

Frontier Indiana comes alive with foods cooked over wood fires, period music and dance, traditional crafts, historic camps and trading, canoe rides on the river, and much more. It is produced by the Fulton County Historical Society. This event combines genealogy of the Potawatomi Indians and the settlers who lived in Fulton County and northern Indiana in the early 1800s with the rendezvous events and stage programs and the historic canoe landing and fur trade skit on the Tippecanoe River.

This year's honored Potawatomi family will be descendants of We-wis-wa. Eddie Joe Mitchell,

Prairie Band Potawatomi, Mayetta, Kansas, and other family members will tell their story at 10:30 a.m. on the Chippeway Village stage both days. Sherry Fulton, County Commissioner, will present a key to the County to them on Saturday during Opening Ceremonies at 10 a.m.

New this year will be River Valley Colonials Fife & Drum Corp, Sun Prairie, Wis.; McCartney Militia, Allegan, Mich. - Revolutionary War cannon; Shirley Kern Needham with wild hawks, Rochester; Joan McClellan and family, Rochester - Indian tacos and fry bread; Mike Floyd, Logansport, Eel River Tribe history; Norman Rhoads, Plymouth, Spirit of Many Waters - long house; and several new crafts such as Tim Guy, Huntington - Forks of the Wabash bowlwright, and Dave Short, South Bend, flintknapping and traditional tool working. Over 40 craftsmen will demonstrate and sell their wares. Dr. John Haste, Argos, will bring horses this year.

The public is invited to join in the Indian dances from 2:00 to 3:00 p.m., which are held in an arena semi-circled by teepees. The drum will be Massassagan Drum led by Mike Floyd, Chief of the Eel River Tribe. Head dancers will be Bonita Bent-Nelson and Doyle Bleeding, South Bend; both are members of the National Center for Great Lakes Native American Culture. George Godfrey, Athens, Illinois, member of the Citizen Potawatomi Nation, will act as emcee. He is president of the Potawatomi Trail of Death Association, and has been dancing at the Trail of Courage

since 1988. Godfrey had an ancestor on the 1838 Trail of Death.

The Trail of Courage includes historic encampments representing the French & Indian War, Voyageurs, Revolutionary War, War of 1812, Western Fur Trade, Plains Indians teepees, and Woodland Indian wigwam village. A special re-creation of a Miami Village includes wigwams and lifeways demonstrations, such as making cattail mats.

Another re-creation is of Chippeway, the first trading post, post office and village in Fulton County in 1832. Food purveyors and traditional craftsmen set up in wooden booths. Craftsmen also sell pre-1840 trade goods from blankets and in historic merchant tents, offering a variety of items from clothing and jewelry to knives and candles, everything needed to live in frontier days. Canoe rides, muzzle loading shooting and tomahawk throwing contests, and a frontier blab school add to the frontier activities.

Two stages with frontier music and dance present programs from 10 a.m. to 5 p.m. Saturday and 10

Library face-lift

The windows at the local library are getting a face-lift at the hands of David Lloyd and Ron Fox. Scraping, priming, painting, repairing and washing will be

This is not part of the planned renovation of the library, but needs to be done before further deterioration occurs.

The library board is still pursuing a grant for the proposed library renovation, which is geared toward preserving the integrity of the original Carnegie library.

The purpose of health care is to allow the body's wisdom to do the healing without interfering with this process. Chiropractors allow your body to heal by removing nervous system interference caused by shifted vertebrae in your spine. When vertebrae become misaligned they irritate or choke the nerve and the "electronic" messaging system of your body does not work. Specific chiropractic adjustments reposition the vertebrae to allow healing.

Eddie Joe Mitchell & Chief We-wis-sa to be honored at festival

Shirley Willard
Fulton County Historian

Chief We-wis-sa was present at the 1837 treaty council at Lake Kee-wau-nay (now Lake Bruce), according to George Winter, frontier Indiana artist who sketched and later painted oil portraits of the Potawatomi. We-wis-sa signed three treaties in 1836 on the Tippecanoe River north of Rochester and went west in 1838 on the Trail of Death. He signed two treaties in Kansas.

While on the Trail of Death Commemorative Caravan from

Indiana to Kansas last fall, we stopped at the marker in Lafayette that noted Chief We-wis-sa's mother died there at the age of 100 on September 12, 1838, on the Trail of Death. Eddie Joe Mitchell, Prairie Band, traveling with the caravan, recognized the name We-wis-sa as being a name in his family. So, we asked him to represent the Chief We-wis-wa family at the Trail of Courage this year.

Eddie Joe traveled with his wife's brother, Thomas Wabnum and son Marshall, on the Trail of Death caravan. He wrote about this in his blog on his website, www.reznjun.com. Eddie Joe will take part in the Chief Menominee statue 100th anniversary ceremony September 18 at 4 p.m. He will also attend the Trail of Courage Living History Festival, Sept. 19 and 20, selling and demonstrating his crafts. He will be the honored Potawatomi family at the opening ceremony and be presented with a key to the county by Fulton County Commissioner, Sherry Fulton. He will tell his family and tribal history from 10:30 to 11:00 a.m. both days of the festival.

Elisha (left) and Tony Smith caught this 36-inch muskie on Labor Day at Lake Bruce. Eli and his dad were fishing off the end of the pier at a cabin owned by Eli's grandparents using a red worm as bait. Needless to say, four-year-old Eli, grandson of Rob and Deb Wingerter, was pretty excited and so was his dad. They decided to return the big fish to the lake so he can grow bigger and maybe they can catch him again next year. It was a great ending to a wonderful summer at Lake Bruce.

Nine members of the New Idea

Look up!

Pastor Demetrius
Although hard to believe, it has been nearly one year since the reopening of the First Baptist Church on Main Street. Sunday, September 27th will be the one-year mark. We have had many exciting events, services and changed lives since the reopening. One Sunday morning last spring, we baptized 15 new converts. This summer, we had 80 children attend vacation Bible school. We are expecting many more exciting blessings to come in the following years. I believe that Kewanna and its people have a very special place in God's heart. They have embraced and supported the reopening of the church in so many unbelievable ways. For that, I would like to take a moment and say thanks to you all. I also believe God will be blessing this community in a very special way because of its strong support.

After 146 years, our church building on Main Street has been blessed with a long overdue

steeple and cross on the top of the church. It is so nice to see such exciting, positive progress happen right here in Kewanna, especially in a time when so many things in this world are troubling our nation and community. We would like to thank Marvin Mikesell for the design and construction of the white steeple and gold cross. "Thanks, Marvin." We also can't say thanks enough to Al Jenkinson and son for helping and donating the use of his bucket truck to lift and place the steeple and cross on the church. These individuals, and many others throughout this last year, have been a tremendous blessing to First Baptist on the Main and this community. We are exceedingly blessed as a church and community to have men and women like these who are willing and ready to give of themselves and serve. Take a moment and make certain you show them your gratitude. Then make sure you come by, look up, and see our new addition.

Public Notice**NOTICE OF REAL PROPERTY TAX SALE**

Fulton County Indiana
Beginning 10:00 AM,
October 20, 2009
Commissioners Room
Fulton County

Pursuant to the laws of the Indiana General Assembly, notice is hereby given that the following described property is listed for sale for delinquent taxes and/or special assessments. The county auditor and county treasurer will apply on or after Friday, October 02, 2009 for a court judgment against the tracts or real property for an amount that is not less than the amount set out below and for an order to sell the tracts or real property at public auction to the highest bidder, subject to the right of redemption. Any defense to the application for judgment must be filed with the Fulton County CIRCUIT Court before Friday, October 02, 2009. The court will set a date for a hearing at least seven (7) days before the advertised date of sale and the court will determine any defenses to the application for judgment at the hearing. Such sale will be held Tuesday, October 20, 2009 at the Commissioners Room and that sale will continue until all tracts and real property have been offered for sale.

Property will not be sold for an amount which is less than the sum of:

(A) the delinquent taxes and special assessments on each tract or item of real property; and

(B) the taxes and special assessments on the real property that are due and payable in the year of the sale, whether or not they are delinquent; and

(C) all penalties due on the delinquencies; and

(D) an amount prescribed by the county auditor that equals the sum of:

(1) twenty-five(\$25) for postage and publication costs; and

(2) any other costs incurred by the county that are directly attributable to the tax sale; and

(E) any unpaid costs due, under subsection (b), from a prior tax sale; and

No property listed below shall be sold if, at any time before the sale, the Total Amount for Judgment is paid in full. If the real property is sold in the tax sale, the amount required to redeem such property will be 110% of the minimum bid for which the tract or real property was offered at the time of sale, as required by IC 6-1.1-24-5 if redeemed not more than six (6) months after the date of sale, or 115% of the minimum bid for which the tract or real property was offered at the time of sale, as required by IC 6-1.1-24-5 if redeemed more than six (6) months after the date of sale, plus the amount by which the purchase price exceeds the minimum bid on the real property plus ten percent (10%) per annum on the amount by which the purchase price exceeds the minimum bid on the property. All taxes and special assessments upon the property paid by the purchaser subsequent to the sale, plus 10% per annum interest on those taxes and special assessments, will also be required to be paid to redeem such property.

In addition, IC 6-1.1-25-2 (e) states the total amount required for redemption may include the following

costs incurred and paid by the purchaser or the purchaser's assignee or the county before redemption: (1) The attorney's fees and cost of giving notice under IC 6-1.1-25-4.5. (2) The costs of title search or examining and update the abstract of title for the tract or item of real property. The period of redemption shall expire one year from the date of sale for an initial offering. Additional penalties that are due as a result of the 2008 second installment tax collection have not been added to the minimum bids as of this date. Those amounts will also be added as part of the minimum bid for the tax sale. The period of redemption shall expire one hundred twenty (120) days from the date of sale for certificates not sold.

If the tract or item of real property is sold for an amount more than the minimum bid and the property is not redeemed, the owner of record of the property who is divested of ownership at the time the tax deed is issued may have a right to the tax sale surplus.

The Auditor and Treasurer specifically reserve the right to withhold from the sale any parcel which has been listed in error, or which otherwise becomes ineligible for sale either prior to Tuesday, October 20, 2009 or during the duration of the sale. This notice of real property tax sale, and the tax sale itself are undertaken and will be conducted pursuant to the requirements of the laws of the State of Indiana which regulate the sale of land for delinquent taxes, pursuant to I.C. 6-1.1-24-1 et seq.

The Auditor's Office does not warrant the accuracy of the key numbers or street addresses published herein and any misstatement in the key number or street address does not invalidate an otherwise valid sale.

Dated: 09/17/2009

Letter To The Editor...

Letter to the Editor:
I write in response to "Concerned Citizen" whose letter appeared in the Sept. 3, 2009 issue.

You raise some important questions and I am encouraged that a library user displays some concern for his/her local library. Due to space limitations, I will address only a few of your concerns.

As a former patron, then clerk, and lastly as Director of Kewanna-Union Township Public Library, I believe that I am qualified to respond to your comments and questions.

1. According to Indiana Code 36-12-2-21, public library Board of Trustee members serve without monetary compensation, with the exception of the Treasurer.

2. Public libraries are municipal corporations (IC 36-12-2-2) and are funded primarily through property taxes. Municipal corporations must adhere to federal and state laws, some of which are written expressly for public libraries.

3. Members of governing bodies of any municipal corporation at the local and state level may sign a "conflict of interest" form to perform work for said government unit. This is not uncommon, especially in small municipalities. (IC 5-16-11-2, 5.5)

4. I truly doubt that regular meetings are being held "in silence". Due to the sensitive nature of some meetings, municipal corporations may hold executive sessions that are not open to the public.

5. Library boards, and other government boards, are not obligated by state law to publish meeting minutes in the news media. This is done at the discretion of the board, and of the news media.

6. For 23 years, I was employed at the Rochester branch of the Fulton County Public Library system. Three years ago, that building underwent an extensive remodeling and expansion project - and we remained open during most of the construction period!

The addition was constructed first. When both the old and new areas were under one roof, the joint wall was removed, with heavy plastic sheeting forming the wall. Regular library business was able to be conducted, even with the light noise.

Were we bothered by dust? Only when we ventured around a barrier or under the plastic sheeting to sneak a peek at the vast new space did we notice dust.

When the new addition was ready, collections, equipment, furniture and employee stations moved into the new addition, allowing the old part to be remodeled.

Most of the A-V collections were made available to the public. About one-half of the Adult Non-fiction collection was boxed and stored in a neighbor's garage. Adult fiction remained on the shelves with employees stepping over power cords, walking around ladders and scaffolding to retrieve books for patrons, who were obviously not allowed in that construction zone.

When remodeling was completed, we were closed for one week to move back into the remodeled, repainted and re-carpeted area.

In retrospect, moving the entire library contents off-site (as Akron Public Library did) is certainly preferable, but not always feasible, during construction. As with any project, you get creative, you become flexible and you do the best you can for your patrons.

One final thought:
My memories of working at the Kewanna Library are very

precious. It is a beautiful building with the tall pillars and circulation desk, but a remodeling/addition was overdue long before now. A note to Joyce Miller - please remain on the Board, as good, caring individuals are so important in moving the library mission forward. The old Carnegie building was good when it was first built and continued so for many years, but we are living in the 21st Century, and even buildings need to make the leap.
