**THE LAKE BRUCE
 CONSERVANCY
 DISTRICT
 NEWS**

The Lake Bruce Conservancy District held its regular monthly meeting Thursday, May 8, in the community room of the Kewanna-Union Township Fire Station. All five directors were present as well as ten freeholders and one guest.

The minutes of the previous meeting were approved. The treasurer's report, which covered the last two months, was also approved.

It was reported that a letter was received from the Indiana Department of Natural Resources (IDNR) giving the county permission to clean out the Baker Ditch between County Road 1100 W and the lake. It also states that during the clean out, two sediment traps will be installed to help keep sediment from reaching the lake. This will give the lake a total of seven sediment traps on ditches leading into the lake and should help reduce the amount of sediment coming into the lake.

Norm Steigely, chairman, reported that he has sent and received many e-mails from the Indiana Department of Environmental Management (IDEM) trying to find out the status of the spill site at the vacuum station location on the west side of the lake. IDEM feels it is not a health problem but wants to test a few more wells by the end of the month. If the tests reveal no hazard, the conservancy will be able to proceed with construction at that site.

Steigely stated that Tennent Dredging has reclaimed about 65-70 percent of the holding area used when the lake was dredged. There is still water standing in some of the area needing to be reclaimed. Work will proceed as soon as it is dry enough.

Director Gerald Porter reported

on the dry hydrant program efforts. Drawings have been received from the engineers. If it were done per their plans it would cost approximately \$21,000. The vast majority of the cost is to install 405 tons of gravel in the excavated area. The district is looking at the cost of lateral drilling as it may save considerably on the need for gravel. At this point, the district is waiting to find out the cost of the drilling.

Once again, the subject of hiring a secretary was brought up. The position would require about 20 hours of work a week and those hours could be flexible as long as they include four hours on Saturday morning to enable weekenders to have access to conservancy business. The subject of office space is still on hold.

Ken Jones gave Wightman-Petrie's monthly progress report on installation of a sewage collection and treatment system at the lake. He stated that a change has been made to run the sewer collection pipes down the side of the road instead of the middle of the road. They will still have to go down the middle of the road in just a few locations such as part of Guise Park Road. Jones stated that construction is going along very well at this time. He did mention that the conservancy district should start looking for a part-time person to run the treatment plant and brought with him an example of a solicitation letter that they can send out on the conservancy's behalf. The board voted to have Wightman-Petrie send out the letter as they have all the contact information. Jones also mentioned that the district should move forward on hiring an inspector to inspect connections between the homes and the valve pits. Three members of the board will be interviewing a possible inspector during the next month that has already been interviewed by Wightman-Petrie.

Director Brad Glasson gave a report on a meeting with a potential contractor to build an office for the district. The contractor's advice was to build both the office and the meeting hall at the same time, as it would result in quite a savings. The cost to build both is \$225,000. The board tabled any further discussions on the matter until it is determined whether or not there will be any funds left over in the sewer construction project.

Lake Enhancement Chairman Gerald Porter again stated that no funds would be forthcoming this year from LARE. This means that the district will have to budget with the money that has been worked for 2008. Weed Patrol is due out to survey the lake in the next few days. This will determine how much weed control is needed. If it is more than what the district has money for, a hard decision will have to be made on what areas have the highest priority.

Steigely is considering withdrawing his resignation as secretary for the district as it has had no interest in the position thus far. He stated he would consider staying on until his term expires in February 2010. The board will be working with Norm during the next month to find out if a mutually agreeable program can be arrived at. This would also let the district put the issue of an office on the back burner for now.

Directors Gerald Porter, Norm Steigely and Rick Tompos met with contractors, engineers and Rural Development officials at the monthly meeting to approve requests for payments from Thieneman Construction in the amount of \$192,644.75 and Kampius Pipeline in the amount of \$373,846.60.

The district's next meeting will be at 7 p.m. Thursday, June 12, at the same location. All meetings are open to all freeholders and other interested parties.

Full-Day Kindergarten At Caston

The Caston School Board of Trustees voted at its May 6th meeting to offer two sections of full-day kindergarten beginning with the 2008-09 school year. Prior to this time, full-day kindergarten has only been offered to a few of the students each year as enrollment allowed. Children in the half-day program were provided transportation one-way while parents had to provide the transportation the other way. The full-day kindergarten will be expanded to three sections as enrollment necessitates. All kindergarten children will be provided transportation to and from school provided they live within the corporation boundaries.

It is critical for parents of children who will be five years of age by August 1, 2008 to enroll their children if they have not yet done so. This will allow for necessary planning for next year's kindergarten program. Parents may contact the elementary school office at 574-857-3025 to request an enrollment packet and receive further instructions for enrolling their child. If a child turns five years of age during the month of August, but misses the August 1 cut-off, parents may still request to enroll the child. These children will be admitted to kindergarten under the early-entrance policy as space in the program allows.

Questions regarding the full-day kindergarten may be directed to Mrs. Cindy Douglass, Caston Elementary principal.

Chiropractic is whole-body health care with the vision to see the human body as much more than the sum of its parts. Chiropractors see their patients as more than people coming to their office with a set of symptoms. Their vision encompasses the entire individual in all of his or her unique complexity, and they work in partnership with their patients to ensure optimal health and wellness in all facets of their lives.

RESOLUTION # 050508 >>>> A RESOLUTION ESTABLISHING THE INTENT TO CONDUCT A COMMISSIONER'S SALE TO SELL TAX SALE CERTIFICATES FOR PROPERTIES THAT ARE SEVERELY DELINQUENT IN PAYMENT OF PROPERTY TAXES.
WHEREAS, there are several properties in Fulton County that are severely delinquent in the payment of property taxes, having been offered for tax sales and which received no bids equal to or in excess of minimum sale price. The parcel numbers of those properties being attached to this resolution as 'Exhibit A', and WHEREAS, there is an assessed value associated with these properties for taxation purposes, but no taxes are being collected, therefore causing a lower than expected tax distribution to those taxing units and taxing districts within which the properties are located, and WHEREAS, the Fulton County Commissioners desire to have these properties back on the tax rolls with taxes being collected, and WHEREAS, Indiana Statute, IC 6-1.1-24-6 through IC 6-1.1-24-6.4 allows for the County Commissioners to acquire a lien on those delinquent properties and receive issuance of the tax sale certificates for those properties, without taking title to the properties, therefore limiting the liability and cost normally associated with taking title, NOW, THEREFORE, BE IT RESOLVED by the Fulton County Board of Commissioners that the County Executive shall acquire liens and receive tax sale certificates of the properties listed on 'Exhibit A' that are severely delinquent and sell said certificates at a properly advertised Commissioner Tax Certificate sale.

NOTICE OF REAL PROPERTY TAX CERTIFICATE SALE

Fulton County Indiana
 BEGINNING 10:00 AM, July 9, 2008
 COURTHOUSE TIME at 125 E. 9th Street in the
 Commissioners Meeting Room

STATE OF INDIANA

Fulton COUNTY

Pursuant to the laws of the Indiana General Assembly and by Resolution of the Fulton County Commissioners, notice is hereby given that the following described property is listed for sale for delinquent taxes and/or special assessments.

This notice of real property tax certificate sale, and the tax certificate sale itself are undertaken and will be conducted pursuant to the requirements of the laws of the State of Indiana which regulates the sale of liens for delinquent taxes, pursuant to I.C. 6-1.1-24-1 et seq.

The minimum sale price is less than the price if offered under I.C. 6-1.1.24 and includes all fees and expenses of the county directly attributable to the certificate sale. The Fulton County Commissioners will accept bids by public auction on the 9th day of July, 2008 at 10:00 am Courthouse Time in the Commissioners Meeting Room located at 125 E. 9th Street.

The person redeeming the property must pay the amount of the minimum bid at the tax sale, plus ten percent (10%) of the amount for which the certificate is sold at the certificate sale, plus attorney fees and costs of giving notice under IC 6-1.1-25-4.5 and the costs of a title search or abstract examination for the real property. If the property sells for more than the minimum bid and the property is not redeemed, the owner of record who was divested of ownership may have a right to the tax sale surplus.

The Auditor's Office does not warrant the accuracy of the key numbers or street addresses published herein and any misstatement in the key number or street address does not invalidate an otherwise valid sale.
